“The TrustBelt Conference is truly one of a kind – the focus on manufacturing that is core to the North America economy was informative and inspiring. I am looking forward to next year’s conference!”
—Jim Winter, National Director-Industrial Services, Cresa

“The TrustBelt Conference was more than a typical ‘show and tell’ event but a true nexus for those who know that the values and benefits of the Midwest are perfectly aligned with the needs of global investors. This conference should be the start of putting the word ‘TrustBelt’ on the lips of every international investor.”
—David Iwinski Jr., Managing Director, Blue Water Growth LLC
